Signed Letter of Support from School Administrator

Dear School Administrator:

An educator from your school is applying to receive a scholarship to participate in a Traveling Environmental Education Program offered by The Wetlands Institute. These exciting live animal presentations take place in your classroom and include programs such as Sea Creatures with Amazing Feature, Traveling Turtles, Plankton: Bugs of the Sea, Aquatic Adaptations and Saltwater Gene Pools. All traveling environmental education programs are aligned to New Jersey Academic Standards and the North American Association for Environmental Education K-12 Guidelines for Learning, and are tailored to the needs of our teachers and schools.

This scholarship program affords teachers and their students the opportunity to learn about native marine life and participate in one of our Traveling Environmental Education Programs entirely free of charge! Through the generous support of our donors, this scholarship will cover all associated programming fees.

We are very excited about your school applying for this opportunity and look forward to the possibility of working with your teacher and students. If you have any questions or concerns, feel free to contact me at education@wetlandsinstitute.org or 609-368-1211.

Sincerely,

A handwritten signature in cursive script that reads "Lenore Tedesco".

Dr. Lenore Tedesco
Executive Director, The Wetlands Institute

I have read the above and support participation in this program:

Signature: _____

Title: _____
