

Reptile & Amphibian Study and Frog Watch Training

**FROG
WATCH** USA™

Boy Scout Merit Badge Program

Developing knowledge about reptiles and amphibians leads to an appreciation for all native wildlife; understanding the life cycle of a reptile or amphibian and knowing about venomous species can help Scouts to be prepared to help in case of an emergency.

FrogWatch USA is a citizen science program through the Association of Zoos & Aquariums. Through the training you will learn all you'll need to be able to monitor the wetlands in your community and report your findings to the national online database. This information will help scientists see patterns in species distribution and be able to make informed decisions about habitat conservation.

Really Cool Science Stuff!! Fee: \$16.00 per Scout

Saturday, February 17, 2018
10:00 - 2:00 PM
