

**Traveling Environmental Education Program  
Scholarship Application  
Academic Year 2018 - 2019**

Each educator applying for a scholarship must submit a completed application, which includes the school and lead teacher information below, answers to the application questions, and the signed letter of support from a school administrator. Please submit the completed forms to The Wetlands Institute. Standard mail, fax, or emails are all accepted for submission. Specific details about our Traveling Environmental Education Program can be found on our website at: <http://wetlandsinstitute.org/education/travelingee-programs/> .

**Applications for Participation Fall 2018: May 18, 2018**  
**Applications for Participation Winter 2018-2019: October 19, 2018**  
**Applications for Participation Spring 2019: December 14, 2018**

**Instructions:** Please type the answers to the following questions in a word document. The application should not exceed two pages, minus attachments.

**Question 1:** Summarize why your school would like to participate in a Traveling Environmental Education Program with The Wetlands Institute.

**Question 2:** How will this program impact student learning?

**Question 3:** Describe the school, the population it serves, and any particular needs of your students.

**Attachments:**

Signed Letter of Support from School Administrator

Dear School Administrator:

An educator from your school is applying to receive a scholarship to participate in a Traveling Environmental Education Program offered by The Wetlands Institute. These exciting live animal presentations take place in your classroom and include programs such as Sea Creatures with Amazing Feature, Traveling Turtles, Plankton: Bugs of the Sea, Aquatic Adaptations and Saltwater Gene Pools. All traveling environmental education programs are aligned to New Jersey Academic Standards and the North American Association for Environmental Education K-12 Guidelines for Learning, and are tailored to the needs of our teachers and schools.

This scholarship program affords teachers and their students the opportunity to learn about native marine life and participate in one of our Traveling Environmental Education Programs entirely free of charge! Through the generous support of our donors, this scholarship will cover all associated programming fees.

We are very excited about your school applying for this opportunity and look forward to the possibility of working with your teacher and students. If you have any questions or concerns, feel free to contact me at [education@wetlandsinstitute.org](mailto:education@wetlandsinstitute.org) or 609-368-1211.

Sincerely,

A handwritten signature in cursive script that reads "Lenore Tedesco".

Dr. Lenore Tedesco  
Executive Director, The Wetlands Institute

I have read the above and support participation in this program:
