Environmental Education Field Trip Program
Scholarship Application
Academic Year 2020 - 2021

Each educator applying for a scholarship must submit a completed application, which includes the school and lead teacher information below, answers to the application questions, a formal bussing estimate/quote (if applicable), and the signed letter of support from a school administrator. Please submit the completed forms to The Wetlands Institute. Standard mail, fax, or emails are all accepted for submission. Specific details about our Environmental Education Field Trip Program can be found on our website at: http://wetlandsinstitute.org/education/field-trips/.

Applications for Participation Fall 2020: May 15, 2020
Applications for Participation Spring 2021: December 17, 2020

Programming Season Requested: Fall Spring
**Instructions:** Please type the answers to the following questions in a word document. The application should not exceed two pages, minus attachments.

**Question 1:** Summarize why your school would like to participate in an Environmental Education Field Trip Program at The Wetlands Institute.

**Question 2:** How will this program impact student learning?

**Question 3:** Describe the school, the population it serves, and any particular needs of your students.

**Attachments:**
- Formal Bussing Estimate/Quote (If applicable)
  - This estimate needs to be from the formal bussing company that will provide transportation for the anticipated number of students to and from The Wetlands Institute for your program. If you plan on using your school’s bus, vans, or parent vehicles, this estimate is not necessary.

- Signed Letter of Support from School Administrator
Dear School Administrator:

An educator from your school is applying to receive a scholarship to participate in our Environmental Education Field Trip Program at The Wetlands Institute. Each year, The Wetlands Institute hosts more than 6,000 students for hands-on, feet-wet environmental education field trips! All of our field trips emphasize hands-on learning and the scientific method, are aligned to New Jersey Academic Standards and the North American Association for Environmental Education K-12 Guidelines for Learning, and are tailored to the needs of our visiting teachers and schools.

This scholarship program affords teachers and their students the opportunity to visit The Wetlands Institute and participate in one of our Environmental Education Field Trip Programs entirely free of charge! Through the generous support of our donors, this scholarship will cover all associated programming fees and the cost of bussing.

We are very excited about your school applying for this opportunity and look forward to the possibility of working with your teacher and students. If you have any questions or concerns, feel free to contact me at education@wetlandsinstitute.org or 609-368-1211.

Sincerely,

Dr. Lenore Tedesco
Executive Director, The Wetlands Institute

I have read the above and support participation in this program:
