## Branching Activities for Become an Entomologist!

-Make A Bug Hotel

Provide bugs in your backyard a shelter by creating your own bug hotel complete with water, food, and a resting spot!

-Visit your local library and read a book about bugs!

-Make a Bee House!

Bees are responsible for pollinating a lot of our food including pizza! Research how to create your own Bee House and put it in your garden!

-Make a bug taxi to transport bugs outside!

If you find a bug inside remember to safely put a cup over the bug and then slide a piece of paper under the cup! This way the bug can't escape and you can easily transport it outside where it belongs!
