

Fly Into Our
NEHST

**Branching Activities for Animals in the
Night, What An Excite!**

Go on a Sound Scavenger Hunt—listen to some nocturnal animal calls online to prepare yourself and then head outside to see how many nocturnal animals you can identify!

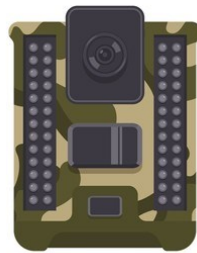

**Nature Education
for**

HOMESCHOOL

Students & Teachers

Take a flashlight hike—Grab a flashlight and head out to your backyard or favorite park to see what animals may be out and about!

Make a bat house for your backyard—construct your own or buy a pre-made one!

Set up a trail camera in your backyard or neighborhood to see what animals come out at night—Don't forget to ask permission before setting up a camera on anyone else's property!
