Scholarship Fund**

**Traveling Environmental Education Program Application
Academic Year 2023 - 2024**

Each educator applying for a scholarship must submit a completed application, which includes the school and lead teacher information below, answers to the application questions, and the signed letter of support from a school administrator. Please submit the completed forms to The Wetlands Institute. Standard mail, fax, or emails are all accepted for submission. Specific details about our Traveling Environmental Education Program can be found on our website at: <http://wetlandsinstitute.org/education/travelingee-programs/>.

Virtual and/or In-person Participation Available
Programs Occur: September - November, December - March and April - June

Signed Letter of Support from School Administrator

Dear School Administrator:

An educator from your school is applying to receive a scholarship to participate in a Traveling Environmental Education Program offered by The Wetlands Institute. These exciting live animal presentations take place in your classroom and include programs such as Sea Creatures with Amazing Feature, Traveling Turtles, Plankton: Bugs of the Sea, Aquatic Adaptations and Saltwater Gene Pools. Whether virtual or in-person, all traveling environmental education programs are aligned to New Jersey Academic Standards and the North American Association for Environmental Education K-12 Guidelines for Learning, and are tailored to the needs of our teachers and schools.

This scholarship program affords teachers and their students the opportunity to learn about native marine life and participate in one of our Traveling Environmental Education Programs entirely free of charge! Through the generous support provided by the Barbara and Jim Summers Environmental Education Scholarship Fund, this scholarship will cover all associated programming fees.

We are very excited about your school applying for this opportunity and look forward to the possibility of working with your teacher and students. If you have any questions or concerns, feel free to contact me at education@wetlandsinstitute.org or 609-368-1211.

Sincerely,

Dr. Lenore Tedesco
Executive Director
The Wetlands Institute

I have read the above and support participation in this program:
