**Learn about a folktale that was passed on by your family.** Ask the adults in your family if there's any legends, tall tales, or folklores passed on to different generations in your family. If there is, ask to hear and maybe you can pass it on too!

**Look for an animal inspired glimmer.** Glimmers are small moments that spark joy or peace, which can help cue our nervous system to feel safe or calm.

- The Ugly Duckling

**Make an art project inspired by an animal.** We learned that many cultures incorporated animals into their art. So now, it's your turn to give it a try! Create a painting or sculpture that incorporates animals in some aspect.
