What To Do With Dandelions

While we may think Dandelions are a pest, they have many different uses. Forage some and use them as paint!

Dandelion Paint

Or they can also be made in to a bunch of different recipes found here: [Dandelion Recipes](#)

How To Make A Campfire!

Making a good fire is an important skill to have when camping or stuck in the wilderness. This site teaches about the different ways to make a fire, as well as when each way is used.

Make A Sundial!

Before technology and clocks, a sundial was used to tell time. It can be very helpful to make when camping to be a source of time if a cell phone dies. In this example it is made out of LEGOs but it can be made out of a stick and stones if that is all you have!

Make a sundial

Looking For Nighttime Fun?

Whether your camping or at home, here are some fun games and activities to do together! Grab your flashlight and go!
