Branching Activities for Marine Biology

Journey to Deep Sea Vents

Do you think there are critters that live in some of the deepest and hottest places in the ocean? Take a journey to the sea floor and find out!

[Play here!](#)

What Is Echolocation?

Animals like dolphins, belugas and whales use echolocation to help them find objects underwater. Try it for yourself!

[Echolocation](#)

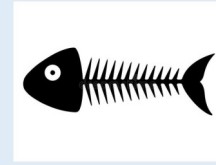

Octopus STEM

Ever wonder how octopus can change color? How about the way they can fit in to tiny spaces? Learn everything there is to know about octopuses by doing these activities.

Crafting Corner

Make a Fish X-Ray

Fish have bones just like us! Learn more about what their skeletons look like and create your very own fish x-ray.

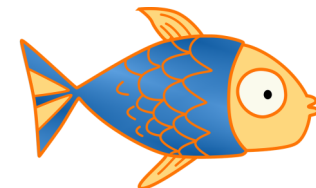

[Fish X-Ray](#)

Make Your Own Creature of Light

There are plenty of fish in the sea that create their own light. Discover what species they are to create your own!
